Dear Church Family,
Moses and the Israelites were on the edge of the Red Sea and the Egyptians were closing in fast! When the Egyptians were near striking distance, the Sea remained un-parted. Getting 2-3 million people through the Red Sea quickly would not be an easy task. God was not in a hurry and did not declare a state of emergency. God simply placed a cloud of protection between His people and the enemy while waiting for His people to follow His commands. Here's the crazy part. The Israelites could have travelled many different ways to reach their destination, but God led them to this specific place, at this specific time, for a specific reason.

Exodus 13:18

Hence God led the people around by the way of the wilderness to the Red Sea; and the sons of Israel went up in martial array from the land of Egypt.

God's church is at the edge of the Red Sea with the enemy pressing in. Our effective weapon is the Word of God and prayer. Don't doubt where we are, just follow God's commands and watch what He will do!

God bless,
Chad, Nichole, and Evan
